INCREASES

DECREASES

An insider is any officer, director or owner of 10% or more of a class of a company's securities. An insider must report any trade to the SEC by the 10th of the month following the transaction. The tables highlight companies that filed with the SEC in the seven-day period ended July 7. The tables do not include pension-plan or employee stock-option activity, trades by beneficial owners of 10% or more, trades under \$2 per share or trades under 100 shares. The "Purchases" column includes only open-market and private purchases; the "Sales" column includes only open-market and private sales, and excludes trades preceded by option exercise in the 12 months prior to the reported event. (A)-American Stock Exchange. (N)-New York Stock Exchange. (O)-Stock is included in Nasdaq National Market or Nasdaq Small Cap listings, or is traded over the counter and quoted only in "pink sheets" listings.

*Indicates a filing that is over three days late. An L in the % Change in Holdings column signifies a move of less than 1%. The % Change column reflects only the holdings of the insiders indicated in the table, not the entire company.
