An insider is any officer, director or owner of 10% or more of a class of a company's securities. An insider must report any trade to the SEC by the 10th of the month following the transaction. The tables highlight companies that filed with the SEC through June 21. The tables do not include pension-plan or employee stock-option activity, trades by beneficial owners of 10% or more, trades under \$2 per share or trades under 100 shares. The "Purchases" column includes only open-market and private purchases; the "Sales" column includes only open-market and private sales, and excludes trades preceded by option

exercise in the 12 months prior to the reported event. (A)-American Stock Exchange. (N)-New York Stock Exchange. (O)-Stock is included in Nasdaq National Market or Nasdaq Small Cap listings, or is traded over the counter and quoted only in "pink sheets" listings. An L in the % Change in Holdings column signifies a move of less than 1%. The % Change column reflects only the holdings of the insiders indicated in the table, not the entire company.
